

## **Amazon prime - Activation process**

### **Amazon prime activation codes will be received through SMS to the customer registered mobile number who eligible to get the same.**

- Code will be embedded into a URL and shared with you in the form of a tiny URL and every tiny URL will be unique.
  - Clicks on the URL and is taken to the redemption page. The code is auto applied and you will be asked to confirm the billing address.
  - If you are not an Amazon customer, it will prompt you to create an Amazon account.
  - If you have already an Amazon account, you can use the same login details to redeem the subscription.
  - Upon confirmation of billing address, your Prime journey is activated for 3-month period.
  - If you are already a Prime member, you can use the same login details to activate the offer. you can share the code with your family members/friends (max three members) and they will be able to activate Prime for their Amazon account.
- For more enquires related Amazon prime activation and availability, please contact the Customer care numbers posted in the website:
